

Tally. ERP 9

Connect with your FUTURE

As your business grows and transcends state and international borders, you need a business accounting software that will keep pace with your complex business demands, while simplifying growth. One that is, breathtakingly fast, amazingly powerful, immensely reliable and adapts to your business requirements easily... like the new Tally. ERP 9

MANAGE: Accounting + Inventory + Taxation + Payroll & much more...

Highlights of Tally. ERP 9:

Remote Access - **NEW!**

Access your business data from anywhere in the world.

- Access data from anywhere - even with Tally.ERP 9 installed in educational mode (no need to buy another license).
- Access your data from a customer or supplier location to check up on dues and inventory - improve receivables and inventory control.
- Your travelling salesman can access customer information, verify stock position and place orders - improve sales efficiency.

Integrated Support Centre - **NEW!**

From within Tally.ERP 9, raise your queries to Tally, your service partner and others. See responses as well even via remote access. As an owner you get to see the various queries raised across your organization.

Control Centre - **NEW!**

You can manage your license on your own. (surrender, reactivate and so on) as well as easily distribute custom code (TDLs) and prevent their misuse.

Tally.NET - **NEW!**

The technologies which powers these capabilities through the internet also delivers a variety of special services to help your business.

Integrated Test Engine - **NEW!**

Recruit skilled personnel by conducting online tests to evaluate their product knowledge and skill.

“CIS is the Tally Master Partner in Pakistan”
